School Supply List

Bakerview does not have a required list of supplies like middle or elementary schools. Students are asked to come to the school with a binder, paper, pens, and pencils. As students meet their classroom staff, they will be told if they require anything special in the way of supplies for that class.

BYOD (Bring Your Own Device)

Students with their own laptop can bring it to school to use as a learning resource. We have required paperwork to complete during intake that will register your device for use with district Wi-Fi. If you do not have access to a device, we have classroom laptops available.

School Fees

Bakerview collects \$20 a year in student fees. This covers the cost of a student ID card, school wide events including leadership celebrations.

Bus Passes

Bus passes (Umo) are available in the school office for \$10 per month.

Grad Fee

Graduation fee is \$50. Cap and Gowns will not be released until the graduation fee has been paid.

School Cash Online

The Abbotsford School District uses *SchoolCashOnline* for all schools. With *SchoolCashOnline*, parents have the convenient and secure option of paying for school items using their credit card online, 24/7. You can pay for school items such as bus tickets, field trips, grad fees, and school clothing. It will save you time too!

Use of Personal Digital Devices in Schools

All schools in our district follow AP 345: Student use of Personal Digital Devices in Schools.

Personal Digital Devices can include: phones, headphones, smartwatches, AirPods, tablets, etc.

Of note for students:

1. Without the permission of the school administrator / teacher, personal digital devices are not to be operated during regularly scheduled hours of instruction or during any school-sponsored activity, such as an assembly or talk by a guest speaker.
2. Personal digital devices are to be placed in silent mode during instructional time and school sponsored activities.
3. Personal digital devices are not taken into test or examination settings unless students have been given permission to do so by the teacher administering the test or exam.
4. Personal digital devices are not to be used in settings such as change rooms, washrooms, or private counselling rooms that have the potential to violate a person's reasonable expectation of privacy.
5. Use of personal digital devices during non-instructional periods (breaks and lunch) and while being transported on a school bus, should be restricted to the access of information related to school or home communication.

Students who do not follow the expectations above can expect some or all the following:

1. Request to place device in a secure place where it will not be a distraction
2. Conversation/reminder about importance of following code of conduct
3. School Administration notified, incident documented, and parents / guardians informed.
4. Student asked to leave phone with school official until end of day/ or arranged time

It is highly encouraged that personal digital devices are kept at home. If students do choose to bring their personal digital devices to school, they should be kept in their backpack or in their student locker.

The security and storage of personal digital devices are the sole responsibility of the owner/user. The School / District assumes no responsibility for the safety, security, loss, repair or replacement of personal digital devices.

Student Dress Expectations

Bakerview Centre for Learning Student Dress Policy supports equitable educational access and is written in a manner that does not reinforce stereotypes and that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, or body type.

The intent of a dress policy is to set expectations to assist students, staff and parents/guardians in decision-making with respect to clothing. It is not intended to be prescriptive nor punitive, but to provide a level of clarity so that correction or discipline is not required.

The dress policy is intended to incorporate individual preferences for students and their families to dress in the manner they choose. Individual choice is however tampered by a responsibility to recognize that a school is a learning and working environment, and as such, students are expected to dress in a reasonable manner.

Clothing should be comfortable and allow a student to participate safely in physical education, daily activities, and science experiments, etc. Clothing should demonstrate a respect for the school community.

Articles of clothing that promote alcohol or drugs, that display offensive language or images, or that encourage sexism, racism or bigotry are not acceptable in our school. Clothing bearing direct or indirect messages or graphics referring to gang culture, sex or pornography, weapons or violence will not be permitted.

The following are the guidelines for school attire:

1. Clothing and accessories cannot pose a safety concern or conceal one's identity.
2. Specific attire may be required for a variety of classroom settings such as PE, labs, etc
3. Clothing must cover undergarments.

When there are differences in perspective, all involved have a duty to seek common understanding in a mutually respectful manner. Ultimately, the school administration has the responsibility to apply the dress policy when necessary. If any person dresses in an inappropriate manner, the student should be advised personally and discretely.
